

*Journal Selection Report for your paper titled **Macrophage Polarization in Aseptic Bone Resorption Around Dental Implants Induced by Ti Particles in a Murine Model***

Dear Author,

This journal selection report will help you finalize a target journal for your paper. It has been compiled considering the scope, indexing requirements, and impact factor range best suited for your paper in its current form. We have considered your preferences in this report, which has been prepared to move you ahead in your publication journey. However, please note that a journal's editorial team considers multiple factors that do not rely on this report alone.

That said, we truly are committed to supporting you throughout your publication journey and will recommend other suitable target journals at no additional charge to you in the following instances:

- If you receive an 'out-of-scope' rejection from a journal that we recommend in this report
- If any of the journals we recommend are subsequently acquired by predatory publishers

Next step for you

- Please contact us if you have any queries about the journal selection report.

Thank you for choosing us as your publication partner! We're happy to address any questions you may have on the report.

Our recommendation: Clinical Oral Implants Research

We suggest that you target the journal '*Clinical Oral Implants Research*' for publication of your manuscript as it offers

1. Carries no mandatory open access fees
2. A fast review period

Clinical Oral Implants Research and *Journal of Periodontal Research* are both indexed in SCI, SCIE, and Scopus; have a fast review period; are hybrid open access; and have a good scope match and similar research published as compared with your manuscript. *Clinical Oral Implants Research* has the higher impact factor (3.825) and is therefore recommended over *Journal of Periodontal Research* (IF: 2.613).

Please note, that the final decision to choose a journal is yours as the author of the abovementioned paper. We have shortlisted additional suitable journals in tables A and B below. Please go over the information shared below in detail before finalizing your target journal.

Table [A] assesses 5 journals based on the scientific content of your manuscript

Journal	Scope Match	Similar Research Published	Fast Publication	Mandatory Open Access
<i>Clinical Implant Dentistry and Related Research</i>	Yes	Yes	No	No
<i>Clinical Oral Implants Research</i>	Yes	Yes	Yes	No
<i>Dental Materials Journal</i>	Yes	Yes	No	Yes
<i>Implant Dentistry</i>	Yes	Yes	No	No
<i>Journal of Periodontal Research</i>	Yes	Yes	Yes	No

How to read the table above: “Yes” in Table [A] indicates

Scope Match and Similar Research Published	The manuscript matches the aim/scope as described on the journal website and has published articles similar in scope and focus within the last five years. This indicates that the manuscript is a suitable fit for the journal and reduces the likelihood of receiving an ‘out-of-scope’ rejection.
Indexing Preference	The journal is indexed in the specific database as required by the author.
Impact Factor Preference	The journal has an impact factor within the range specified by the author.
Fast Publication	The journal has an average peer review decision time of 3 to 6 weeks.
Mandatory Open Access	The journal only offers open access publication, which will incur an additional publication fee.

Table [B] lists additional information about the shortlisted journals

Journal	Indexing database	Impact factor	Publication Type	Review time	Mandatory fees	Limit	
Clinical Implant Dentistry and Related Research	SCIE, Scopus, PubMed	3.212	Hybrid open access	8 weeks	USD 100 for each page over 7	Word count	None
						Figures/Tables	None
						References	None
Clinical Oral Implants Research	SCI, SCIE, Scopus	3.825	Hybrid open access	33 days	USD 160 for each page over 10	Word count	None
						Figures/Tables	None
						References	None
Dental Materials Journal	SCIE, Scopus, PubMed	1.424	Open access	Not mentioned in journal website	JPY 30000 plus JPY 9000 for each page over 4	Word count	None
						Figures/Tables	None
						References	None
Implant Dentistry	SCIE, Scopus, PubMed	1.214	Hybrid open access	Not mentioned in journal website	0	Word count	None
						Figures/Tables	None
						References	None
Journal of Periodontal Research	SCI, SCIE, Scopus	2.613	Hybrid open access	32 days	GBP 70 for each page over 7	Word count	None
						Figures/Tables	None
						References	None
